

XM60

Large Manual Articulating Mount

Our signature XM60 will take the intimidation out of adjusting the angle of a large flat panel TV. Its unique design allows you to tilt, adjust the pitch and swing your TV out up to 90°, like a door, with very little effort. Best of all, our articulating mount is only 2.75" thin, perfect for today's slim TVs. XM60 is user friendly, simple to install and designed for easy access to cable and wire management behind the TV. Our state of the art articulating mount is the latest mounting technology available.
